Title: Chester Beach papers
Identifier: AAA.beacches
Date: 1846-1999 (bulk 1895-1999)
Extent: 7.32 Linear feet
Creator: Beach, Chester, 1881-1956
Language: English
Summary: The Chester Beach papers measure 7.32 linear feet and date from 1846 to 1999, with the bulk of the material dating from circa 1900 to 1999. The work and professional activities of Beaux Arts sculptor Chester Beach (1881-1956) and his family's efforts to exhibit and sell work from the estate are documented by project files, business records, correspondence, scrapbooks, printed material, and photographs. The papers also include many artist-designed Christmas cards sent and received by the Beach family, and artwork by Chester Beach and others.

Administrative Information

Acquisition Information
Chester Beach's daughter, Eleanor Beach Fitchen, lent materials for microfilming in 1967 and 1967. Subsequent papers were donated in 2009 by the estate of Eleanor Beach Fitchen, through her grandson and executor, John Fitchen.

Separated Materials
Also in the Archives of American Art is microfilm of papers lent for microfilming (reels N727-N729 and N68-11) including passports, genealogical materials, photograph albums, travel sketches, travel diaries of Mrs. Beach, and business and family correspondence. While the obituary letters on reel N68-11 are referenced in a scrapbook in Series 8, all other loaned materials were returned to the lender and are not described in the collection container inventory.

Available Formats
The bulk of the collection was digitized in 2017 and is available on the Archives of American Art's website. Materials which have not been scanned include blank pages, blank versos of photographs, and duplicates. In some cases, exhibition catalogs and other publications have had their covers, title pages, and relevant pages scanned.
Materials lent for microfilming are available on 35mm microfilm reels N727-N729 and N68-11 at the Archives of American Art offices and through interlibrary loan.

Processing Information

The collection was processed in 2011 by Catherine Gaines. One item was previously microfilmed on reel 1817 and has been integrated with the bulk of the papers; the reel is no longer in circulation. Earlier loaned material is available only on microfilm. The glass plate negatives were re-processed and the finding aid updated by Anna Rimel in 2014 with funding provided by the Smithsonian Collections Care and Preservation Fund. The collection was prepared for digitization by Judy Ng and digitized in 2016, with funding provided by the Terra Foundation for American Art.

Biographical / Historical

Sculptor Chester Beach (1881-1956) was known for portrait busts, allegorical and mythological figures, coins and medallion art in the Beaux-Arts tradition. He lived and worked in New York City and Brewster, New York.

Chester Beach, son of Chilion Beach and Elizabeth Ferris Beach, was born in San Francisco on May 23, 1881. Beach initially studied at the California School of Mechanical Arts in 1899. He remained in San Francisco and between 1900 and 1902 continued his art training at the Mark Hopkins Institute of Art while working as a jewelry designer. To further his career and exposure to artistic trends, Beach moved to New York City in 1903. The following year, he went to Paris, enrolled at the Ecole des Beaux-Arts, and also studied with Raoul Verlet at the Académie Julian.

Upon his return to New York in 1907, Beach established a studio on Tenth Street. He won the National Academy of Design's Barnett Prize for sculpture in 1907 and the Academy elected him an Associate Artist the following year. His increased stature resulted in numerous portrait commissions and eventually led to commissions for monuments and architectural sculpture. In 1910, Chester Beach married Eleanor Hollis Murdock, a painter he met when both were art students in Paris. The couple spent the next two years in
Rome; for several years after returning, Beach continued to spend time in Italy and maintained a studio in Rome.

Solo exhibitions of Beach's work were presented at Macbeth Gallery (1912), Pratt Institute (1913), Cincinnati Art Museum (1916), John Herron Art Institute (1916), and Memorial Art Gallery, Rochester (1917). In addition to frequent participation in annual exhibitions at the National Academy of Design and the Pennsylvania Academy of the Fine Arts, Beach was represented in the Panama-Pacific International Exposition (1915), and in group shows at venues including: Art Institute of Chicago, Boston Art Club, California Palace of the Legion of Honor, and National Arts Club.

The gold medal presented by Académie Julian (1905), Beach's first award, was followed by many other prizes, among them: American Numismatic Society prize for a medal commemorating the Peace of Versailles (1919) and its Saltus Medal for distinguished medallic art (1946); Architectural League of New York gold medal (1924); National Academy of Design Barnett Prize (1907) and Watrous gold medal (1926); National Arts Club medal and prizes (1923, 1926, 1932); and the Panama-Pacific International Exposition silver medal (1915).

Beach was an Academician of the National Academy of Design, a member of the American Numismatic Society, Architectural League of New York, National Arts Club, National Institute of Arts and Letters, and the National Sculpture Society (President, 1927-1928).

For more than 40 years, Beach lived and worked at 207 East 17th Street. The brownstone, purchased in 1913, was large enough for the family's home, his studio, and additional studios that were rented to other artists. Through barter, Beach acquired land in Brewster, New York, and in 1917 hired Italian stonemasons to build a studio. Later, they erected a summer house for the family. Many old stone walls on the site provided material for both buildings and Beach named the property Oldwalls.

After a long illness, Chester Beach died at Oldwalls on August 6, 1956. The funeral service was held at his Brewster, New York, studio and he is buried in Cold Spring Cemetery, Cold Spring, New York.

Scope and Contents

The Chester Beach papers measure 7.32 linear feet and date from 1846 to 1999, with the bulk of the material dating from circa 1900 to 1999. The work and professional activities of Beaux Arts sculptor Chester Beach (1881-1956) and his family's efforts to exhibit and sell work from the estate are documented by project files, business records, correspondence, scrapbooks, printed material, and photographs. The papers also include many artist-designed Christmas cards sent and received by the Beach family, and artwork by Chester Beach and others.

Biographical material consists of biographical notes, identification cards, and a membership certificate.

Project files contain correspondence, financial records, notes, drawings and plans, research materials, printed matter, and photographs that document commissions for sculpture, medals and coins, monuments, and Beach's own projects. Among the most thoroughly documented projects are a fountain sculpture for the grounds of the Cleveland Museum of Art (Sun, Earth, Fountain of the Waters, and Zodiac) and the Edward W. Bok Memorial in Mountain Lake, Florida; both commissions were executed in conjunction with the firm of Frederick Law Olmsted.

Business records include Chester Beach's general business correspondence and correspondence concerning consignments. An address book records names, addresses, and occasionally indicates prices of services and supplies used by the sculptor. Other record books detail expenses and income of the studio building Beach owned, with a list of the effects of the former owner, sculptor William Couper;
bronzes cast; sales, with titles, prices, and buyers; names and addresses of clients, dealers, and suppliers; and instructions for cleaning and bronzing plaster.

Family correspondence consists mainly of letters, many mentioning Chester Beach, and addressed to Mrs. Chester Beach and daughter Eleanor Beach Fitchen. Estate correspondence and related documents concern efforts to exhibit, sell, and research Beach's remaining work. These records, for the most part, were created by Mrs. Fitchen who acted as sales agent, ran the Chester Beach Memorial Studio, and maintained the Beach archive. Of particular interest is a series of letters from Brenda Kuhn that relate what she learned from handling the estate of her father, Walt Kuhn; in addition, she offered ideas and advice about exhibitions, the Memorial Studio, and the Beach Centennial.

Beach designed his family's annual Christmas cards, most of which incorporate images of their three daughters. A complete set, preserved in an album, includes a few later cards that reproduce artwork by his widow. Many of the cards received - some with original artwork - are from artist friends, among them: Ernest Blumenschein, Edward W. Greacen, Hazel Brill Jackson, Paul Jennewein, Bonnie Leibig, F. Luis Mora, Robert Nisbet, and Ezra Winter. Also of note are a card from Walker Hancock bearing a photograph of his studio; a painting of Beach's *Sylvan* at Brookgreen Gardens, reproduced on Anna Hyatt Huntington's card; and a card from Beach patron Mary Jester Allen containing a brief note about the Frontier Art Colony she had established near Cody, Wyoming.

Among the drawings and sketches by Chester Beach are student work, designs for some of his Christmas cards, and a sketchbook containing drawings of sculpture. Work by other artists consists of prints, including one by Ezra Winter.

Three scrapbooks, largely comprised of newspaper clippings and other printed material, contain a variety of other items, including: letters from the American Academy in Rome, Architectural League of New York, Ecole des Beaux Arts, Daniel Chester French, Hazel Brill Jackson, Frederick MacMonnies, National Academy of Design, National Sculpture Society, Jessica B. Piekotto, and Salon d'Autome. There are also awards and certificates from the National Academy of Design, Panama-Pacific International Exposition; bookplates and a place card Beach etched for Mr. and Mrs. George Davison; and an unfinished poem by FitzRoy Carrington. Photographs within the scrapbooks are of a night school class Beach attended at the Mark Hopkins Art Institute in San Francisco, Beach at work in his studio, and a portrait of him painted by G. Laurance Nelson.

Printed material includes Panama-Pacific International Exposition guide books, brochures about the Chester Beach Memorial Studio in Brewster, New York, and catalogs for solo and group exhibitions.

Photographs and glass plate negatives of artwork are mainly of Chester Beach's sculpture and include views of work in progress. Also found are photographs of drawings and sculpture from his student years in California and Paris. Pictures of work by other artists are portraits of Chester Beach painted by G. Laurance Nelson and by his daughter, Natalie Beach McLaury. Among the photographs of Chester Beach are several by Gertrude Kasebier, circa 1910. Other pictures show Beach in his studio, Beach with family and friends, and a "Dinner tendered to Edmund W. Greacen by Samuel T. Shaw, Salmagundi Club, March 2, 1922." Places documented are Beach's boyhood home in San Francisco, the interiors of his studios, and Brookgreen Gardens. Miscellaneous subjects are nude models.

Series 1: Biographical Material, 1910-1947

4 Folders (Box 1)

Biographical material consists of biographical notes, identification cards, and a membership certificate from the National Institute of Arts and Letters. The legal document concerns a piano-forte - a wedding gift Thomas Leeming shipped to the Beaches in Rome - that would return to New York with them.

Materials are arranged by document type. Scrapbooks (Series 8) contain additional biographical material, including: exhibitors' cards, certificates of award from the Panama-Pacific International Exposition and The Architectural League of New York, and a certificate of election as Academician of the National Academy of Design.

This series has been scanned in its entirety.

Series 2: Project Files, 1846-1999

1.6 Linear feet (Boxes 1-2, 11, OV 12-13)

Project files document commissions and a few proposals for commissions not awarded, as well as Beach's own projects. The files - some sparse, and others extremely detailed - may include correspondence, financial records, notes, drawings, printed material, and photographs. Photographs are mainly of completed sculpture, but many files also contain views of maquettes, work in progress, and pictures of sitters. Found less frequently are site photographs and pictures of events such as unveilings and dedication ceremonies.

Sun and Earth, Fountain of the Waters, and Zodiac produced for the Fine Art Gardens of the Cleveland Museum of Art, and the Edward W. Bok Memorial in Mountain Lake, Florida, are among Beach's most extensively documented commissions. These projects were done in conjunction with Frederick Law Olmsted, and their respective files contain correspondence with Olmsted and members of his firm.

Other well-documented projects of note are: Riders of the Elements, commissioned for the 1939 New York World's Fair; Brewster (NY) Civil War Monument, Crosby Post #302, with documentation of its late 20th century restoration; six busts commissioned for the Hall of Fame for Great Americans, 1924-1932; and portrait busts, President William Henry Harrison for the Virginia State Capitol and Senator Oscar W. Underwood for the United States Capitol. The project file for The Legend of Archmere contains numerous finished drawings.

Nineteenth century items consist of a few publications and prints used as reference sources for portraits. Posthumous material in these files was added by Eleanor Beach Fitchen who ran the Chester Beach Memorial Studio, acted as the estate's sales agent, and maintained her father's archive.

Materials are arranged alphabetically by artwork title or by name of subject.

Series 3: Business Records, circa 1900-1958

0.4 Linear feet (Boxes 2-3)

Business records include Chester Beach’s general business correspondence and correspondence concerning consignments. An address book - alphabetized by services and products - records names, addresses, and sometimes prices. Included among the entries are: "enlarging and reducing; enlarging bust to heroic size," a "marble cutter (first class)" in Florence, a stair builder, photographers, pedestals, and ventilators. The volume recording building expenses and income contains lists of equipment, the effects of William Couper and their disposition, rents collected, coal purchased, and etc. The check register documents payments to foundries, purchases of marble, models, dies, and other supplies and services. Beach's record book, 1907-1947, lists sales (noting title, price, and buyer) and bronzes cast. The same volume also contains names and addresses of clients, dealers, services, tools and supplies; inside its back cover are instructions for cleaning marble and plaster, and for bronzing plaster.

Materials are arranged by document type. Additional business records are scattered among most of the project files (Series 3), and a small number of business letters are preserved in scrapbook volumes 1 and 2 (Series 8).

This series has been scanned in its entirety.

Series 4: Writings, 1913-1935

2 Folders (Box 3)

Chester Beach's writings consist of "The Art Course in College" and general statements on art. The writings about him are "History and Allegory with a Silver Lining: Silver Coins and Medals by Chester Beach, N.A. 1881-1956" by Eleanor Beach Fitchen, and biographical sketches by Lee Lawrie and an unidentified author.

Materials are arranged by document type. An unfinished poem by FitzRoy Carrington to Chester Beach and Eleanor Hollis Murdock is preserved in scrapbook volume 1 (Series 8).

This series has been scanned in its entirety.

Series 5: Correspondence, 1875, 1933-1996

0.5 Linear feet (Box 3)

With the exception of a nineteenth century letter addressed to a relative of Mrs. Beach, most letters are addressed to Chester Beach's widow and their daughter, Eleanor Beach Fitchen. Many mention Chester Beach. Estate correspondence and related documents, created mainly by the sculptor's daughter, Eleanor Beach Fitchen, concern efforts to exhibit or sell Beach's remaining work and maintain his reputation.

The series is arranged as 2 subseries. Project files (Series 2) contain the majority of Beach's professional correspondence. General business correspondence is filed among his business records (Series 3), and additional correspondence is found in volumes 1 and 2 of the scrapbooks (Series 8). A few Christmas cards (Series 5) contain notes from friends.

• 5.1: Family Correspondence, 1875-1996
• 5.2: Estate Correspondence and Related Documents, 1956-1999

This series has been scanned in its entirety.

5.1: Family Correspondence, 1875-1996

The 1875 letter to George Murdock from Mame relays news of family and friends. Among the small number of letters to Mrs. Beach is one from Walker Hancock reminiscing about their days at the American Academy in Rome.

Letters to Eleanor Beach Fitchen are mostly from friends, and one from each of her sisters; several mention her father.

Box 3, Folder 6 Letters to Eleanor Beach Fitchen ("Toto"), 1933-1996 Image(s)

5.2: Estate Correspondence and Related Documents, 1956-1999

Estate correspondence and related documents were created mainly by Chester Beach's daughter, Eleanor Beach Fitchen; also found are a very small number of letters addressed to or from her mother and sisters. Mrs. Fitchen acted as the estate's sales agent, ran the Chester Beach Memorial Studio, sought exhibition opportunities, and worked to maintain her father's reputation.

Letters from Brenda Kuhn to Eleanor Beach Fitchen concern estate management and relate some of what she learned from handling the estate of her father, Walt Kuhn. The letters include ideas and advice about exhibitions, the Memorial Studio, and the Beach Centennial.

A letter from sculptor Walker Hancock, filed with "Letters, Miscellaneous," contains advice about posthumous castings. "Studio Building, 207 East 17th Street" contains a letter from the great-granddaughter of sculptor William Couper, who sold the property to Beach around 1913; Mrs. Fitchen's reply relates the building's history, as she recalls being told by her parents.

Series 6: Christmas Cards, 1909-1961

0.7 Linear feet (Boxes 3-4)

This series consists of cards sent and received by Chester Beach. The earliest cards sent by Chester Beach featured his dog, whose image was soon replaced by those of the Beach children. A complete set of cards produced and sent by Beach are included in the album; those sent after his death reproduce the work of Mrs. Beach.

Christmas cards received by the Beach family are mostly artist-designed cards, many containing original artwork; in some instances, the sender is not the artist. Cards are from Ernest Blumenschein, Edward W. Greacen, Hazel Brill Jackson, Paul Jennewein, Bonnie Leibig, F. Luis Mora, Robert Nisbet, Ezra Winter, and other artists. One of Walker Hancock's cards features a photograph of his studio. A card from Anna Hyatt Huntington's card reproduces a painting of Beach's *Sylvan* at Brookgreen Gardens. Beach patron Mary Jester Allen's card includes a note mentioning the Frontier Art Colony she was establishing near Cody, Wyoming.

Materials are arranged alphabetically by name of sender. A few of Beach's original designs for Christmas cards are filed with artwork (Series 7).

Series 7: Artwork, circa 1900-1955

0.3 Linear feet (Boxes 4, 11)

Artwork by Chester Beach includes drawings, sketches, and designs for a few of his Christmas cards. The sketchbook contains drawings of sculpture. Work by other artists consists of prints; several are signed, but the only completely legible signature is Ezra Winter.

Materials are arranged by artist and subject. Project files (Series 3) contain numerous drawings and sketches by Chester Beach, though few are finished artwork. An exception is The Legend of Archmere, with many finished, colored drawings. Among the Christmas cards (Series 6) are numerous artist-designed cards, many with original artwork, received by the Beach family. Additional artwork by Chester Beach includes book plates and a place card etched for Mr. and Mrs. George Davison, found in volume 1 of the scrapbooks (Series 8).

Series 8: Scrapbooks, 1903-1972

0.3 Linear feet (Box 10)

The scrapbooks are largely comprised of newspaper clippings and other printed material.

Volume 1 contains letters, among them notification of acceptance from the Ecole des Beaux Arts, work accepted for Salon d'Automne; American Academy in Rome announcement of Beach's eligibility to compete in the Prix de Rome preliminary competition, and a letter from Daniel Chester French regretting Beach's decision to withdraw from consideration; membership in The Architectural League of New York and National Sculpture Society; appointment to the Hudson-Fulton Celebration Committee and U.S. Treasury Department Committee for 4th Liberty Loan; and from Jessica B. Piexotto, concerning a medal commemorating Children's Year. There are samples of book plates and a place card etched for Mr. and Mrs. George Davison, and an unfinished poem by FitzRoy Carrington to Chester Beach and Eleanor Hollis Murdock. Photographs include a view of the Mark Hopkins Art Institute's night school class attended by Beach, circa 1900-1902, and a portrait of Chester Beach painted by G. Laurance Nelson. Also found are exhibitors' cards, certificates announcing Beach's election as an Associate member of the National Academy of Design; and the award of a silver medal at the Panama-Pacific International Exposition.

Volume 2 includes letters from the National Academy of Design about Beach's election as an Academician and the award of a gold medal; and from Frederick MacMonnies commending, *Spirit of the Greek Games*, Beach's sculpture at Barnard College. Also found are certificates from The Architectural League of New York announcing the award of its Medal of Honor, one naming Beach an Academician of the National Academy of Design, and a photograph of Beach working in his studio.

Volume 3, with the exception of one letter from Hazel Brill Jackson addressed to Beata Beach Porter, consists only of printed material, mostly newspaper clippings. It begins with obituaries of Chester Beach, and the first page contains the handwritten note "See: Obituary letters" (not part of the 2009 gift of Chester Beach papers described in this finding aid). Other printed items are a catalog of the 1966 Beach memorial exhibition with a related press release, and a brochure about the Chester Beach Memorial Studio in Brewster, New York.

Materials are arranged chronologically.

This series has been scanned in its entirety.

Box 10, Folder 3  Volume 3 (disbound), 1956-1972  Image(s)

0.4 Linear feet (Box 4)

Most of the printed material is about or mentions Chester Beach, and quite a few items contain reproductions of his work. Panama-Pacific International Exposition guide books are *The Jewel City* by Ben Macomber, and *The Sculpture and Murals of the Panama-Pacific International Exposition, Official Handbook* containing commentary on the Beach sculptures commissioned for the exposition. Two brochures are about the Chester Beach Memorial Studio in Brewster, New York, and one from The Society of Medalists reproduces Beach's work. Exhibition catalogs are for solo and group exhibitions. Miscellaneous items are calling cards of Mr. and Mrs. Chester Beach; and "The New Society Dinner of 1923" seating card. Also found is a printing block for a half-tone reproduction of an unidentified Beach sculpture, probably used for an article or catalog.

General art-related printed items consist of brochures and an exhibition catalog. The brochures are for the Armory Show 50th Anniversary Exhibition and The Hall of Fame for Great Americans. Although neither brochure mentions Beach, he participated in the original Armory Show and his work appeared in its anniversary exhibition; and The Hall of Fame for Great Americans commissioned Beach to create six busts. Also found is a catalog, *Exhibition of a Loan Collection of the Work of Maxfield Parrish, Through the Kindness of Mr. and Mrs. Austin M. Purves*, date unknown, held at the Plastic Club in Philadelphia (Beach became acquainted with the Purveses in 1909 when Mr. Purves commissioned a marble portrait head of his wife).

Materials are arranged by subject and document type. Additional printed material is found in many project files (Series 2). All of the scrapbooks (Series 8) contain clippings, and volumes 1 and 2 include a variety of printed items such as exhibition catalogs, brochures, and a newsletter for Académie Julian students.

The bulk of this series has been scanned. In some cases exhibition catalogs and other publications have had their covers, title pages, and relevant pages scanned.

Series 10: Photographs, circa 1885-circa 1960s

3.1 Linear feet (Boxes 4-9, 11, 14)

Photographs of artwork by Beach are mainly of sculpture. A large number of duplicate prints were weeded, though multiple copies may still remain. No duplicate glass plate negatives were removed, and their original box letters are noted in the finding aid since there are references to them in many project files. Among the images of early work are drawings from his student days. Both photograph albums are devoted to the sculpture of Chester Beach. It is evident that the many blank pages in Volume 1 once contained photographs. Photographs of artwork by other artists consist of a portrait of Chester Beach by G. Laurance Nelson, and one painted posthumously by his daughter, Natalie Beach McLaury.

Photographs of Chester Beach include an early childhood portrait, circa 1885, and several images of Beach as a young artist by Gertrude Kasebier, circa 1910. There are photographs of Beach in his studio, including him working on portraits of Helen Leeming and Henry L. Doherty. Pictures of Beach with others include a drawing class at the Mark Hopkins Art Institute, with family and friends, and at a "Dinner tendered to Edmund W. Greacen by Samuel T. Shaw, Salmagundi Club, March 2, 1922." Also found are a few photographs of sitters. Places recorded are Beach's boyhood home in San Francisco, the interiors of his New York City and Brewster, New York studios, and Brookgreen Gardens. Miscellaneous subjects are nude models.

Photograph and negatives are arranged by document type and subject. Glass plate negatives are arranged by negative size and original order. Most images of sitters are found among the project files (Series 2). Project files also contain a wide variety of other photographs, including: finished work, work in progress, maquettes, plasters, sites, and installation and dedication ceremonies. Scrapbook volumes 1 and 2 (Series 8) contain a few photographs, as do the Christmas cards (Series 6).

Glass plate negatives are housed separately and closed to researchers.

The bulk of this series has been scanned. Duplicates of negatives and blank versos of photographs have not been scanned. Duplicates of glass plate negatives have been scanned.
