Administrative Information

Acquisition Information

The Gaines Ruger Donoho papers were donated by John R. Hopkins in 1977 via Jane Richards of Hirschl and Adler Galleries in New York.

Available Formats

A portion of this collection is available on 35 mm microfilm reel 3667 at the Archives of American Art offices and through interlibrary loan. Researchers should note that the arrangement of the material described in the container inventory does not reflect the arrangement of the collection on microfilm.

Processing Information

Materials received a preliminary level of arrangement at some point after donation and were later microfilmed. The wedding tribute by other artists was treated and rehoused by conservationists in 1994. The collection was processed to a minimal level and a finding aid prepared by Judy Ng in 2014, with funding provided by the Terra Foundation for American Art. The Archives of American Art has implemented minimal processing tactics when possible in order to increase information about and access to more of our collections.

Minimal processing included arrangement to the series and folder levels. Generally, items within folders were simply verified with folder titles, but not arranged further. The collection was rehoused in archival containers and folders.
