Administrative Information

Provenance

The collection was anonymously donated to the Archives of American Art in the late 1950s.

Related Material

Among the holdings of the Archives of American Art are related collections, including the Federal Art Project of the Work Projects Administration records, 1935-1948. Additional FAP records are held by the National Archives and Records Administration in Washington D.C.

Alternative Forms Available

This collection was digitized in its entirety in 2017 and is available via the Archives of American Art's website.

Processing Information

The bulk of the collection was microfilmed after donation, with the exception of some of the photographs of artists, which were separated from the collection in 1973, and placed in AAA's Photographs of Artists Collection One. These photographs were microfilmed as part of that collection, and subsequently digitized in 2003 before being returned to the Federal Art Project, Photographic Division collection, in circa 2006. Some re-processing and additional description of the collection was completed by Stephanie Ashley in 2007-2008, with support from the Terra

Foundation for American Art. The collection was prepared for scanning by Stephanie Ashley, and digitized in its entirety, in 2017, with funding provided by The Walton Family Foundation.

Historical Note

The Federal Art Project (FAP) was one of the Depression-era work-relief programs of the Federal Works Progress Administration (WPA). The program was founded in August 1935 to provide employment for artists and to implement visual arts programs in local communities across the country.

Together with the Federal Music Project, the Federal Theater Project, and the Federal Writers' Project, the FAP formed part of the WPA's Federal Project No. 1. The WPA became the Work Projects Administration in 1939 when it fell under the administrative hand of the newly created Federal Works Agency; concurrently the Federal Art Project was officially re-named the Federal Art Program.

Under the direction of Holger Cahill, the goals of the FAP fell into three main areas: production of artwork, art education through art classes and community centers, and art research through the Index of American Design. During the course of the program, artists created murals and other works of art for many non-Federal government buildings such as schools, hospitals, and libraries. Separate photographic divisions were set up in several states, most notably in New York City, to document the work of artists employed by the program, activities in art education such as classes for children and adults, community center outreach programs, and other "Federal 1" projects, including the Federal Theater and Music Projects. Employees of the photographic division were also involved in other assignments, such as creating exhibitions and photo murals.

The Federal Art Project ended in 1943.

Scope and Content Note

The Federal Art Project (FAP), Photographic Division collection dates from circa 1920-1965, with the bulk of the records spanning the active years of the FAP: 1935-1942. The collection comprises 12.4 linear feet of photographic prints and negatives, including photos of FAP artists and the artwork created by them, and other activities of the FAP in communities throughout New York City and other states. Photographers include Andrew Herman, Sol Horn, David Robbins, Leo Seltzer, and others.

Artist files comprise three-quarters of the collection and consist primarily of photographs of artwork, as well as scattered photos of artists at work, including: Charles Alston, Luis Arenal, Richmond Barthe, John Benson, Andrew Berger, Lucille Blanch, Lucienne Bloch, Ilya Bolotowsky, Luise Brann, Selma Burke, Letterio Calapai, Eugene Chodorow, Francis Criss, Stuart Davis, Adolf Dehn, Virginia Dehn, Jose de Rivera, George Pearse Ennis, Philip Evergood, Eugenie Gershoy, Bertram Goodman, Arshile Gorky, Marion Greenwood, Philip Guston, Donal Hord, Joseph Hovell, William Karp, Yasuo Kuniyoshi, Edward Laning, Julian Levi, Audrey McMahon, Elizabeth Olds, Anton Refregier, Will Shuster, William Zorach, and others.

The remainder of the collection consists of files documenting related activities and programs of the FAP, arranged by subject. The bulk of these files document the activities of the New York City FAP, including free art classes and art exhibitions for adults and children, exhibitions at the Harlem Art Center, and the work of FAP branches including the Easel Division, the Graphic Arts Division, and the Poster Division.

Other subjects documented include federal and community art centers in eleven states, most extensively Washington State; other WPA projects such as the Federal Theater Project, the Federal Music Project, and the Federal Writers' Project; buildings decorated with FAP artwork; art processes as demonstrated by FAP artists; special events; and people involved with the FAP, including director Holger Cahill.

One folder contains images that appear to have been taken by Berenice Abbott for the exhibition *Changing New York* (1935), for the Museum of the City of New York in collaboration with the WPA.

Series 1: Artist Files, circa 1920-1965

9.6 Linear feet (Boxes 1-24)

This series consists primarily of photographs of artwork produced by FAP artists, in addition to scattered photographs of artists and other individuals engaged in FAP work, or attending FAP events. An attempt has been made to date photographs using dates provided on the back of the photos where these exist, although it should be noted that those dates may not accurately indicate the date on which copy prints were produced. In the case of undated material a date of "circa 1935-circa 1942" is assigned to the folder, since it can reasonably be assumed that most photographs were taken within that time period. A few items pre-date or post-date the existence of the FAP.

Photographs are arranged alphabetically by name of artist. Folder notes indicate when a folder contains photos of the artist.

Series is scanned in entirety with the exception of duplicate copy prints, negatives of existing copy prints, and blank versos of photographs.

Series 2: Subject Files, 1934-1956

2.8 Linear feet (Boxes 25-32)

Photographs in this series document many of the FAP's educational activities, such as classes for children and adults, primarily in New York City, and active community and federal art centers in other states including Iowa, Florida, and Washington State. Also found here are photos of non-federal public buildings decorated with FAP artwork, such as airports; photos of artists at work and demonstrating various processes; photos of exhibitions, including some at the Harlem Art Center; photos documenting FAP branches, including the Easel Division, the Graphic Arts Division, and the Poster Division; and photos documenting the Federal Music, Theater and Writers' Projects. There is one folder of photographs of a Civilian Conservation Corps camps training school. Also found here are photographs of people and events, including FAP director, Holger Cahill, and various artists with their work in exhibitions

One folder contains images taken by Berenice Abbott for the exhibition *Changing New York*, for the Museum of the City of New York in collaboration with the WPA.

In addition to copy prints and scattered negatives the series also contains a transcript of a Signal Corps Photographic Center dedication.

Photographs are arranged alphabetically by subject and folder title.

Series is scanned in entirety with the exception of duplicate copy prints, negatives of existing copy prints, and blank versos of photographs.
