Processing Information

This collection was processed to a minimal level and a finding aid prepared in 2013 by Rachel Salzmann. The Archives of American Art has implemented minimal processing tactics when possible in order to increase information about and access to more of our collections.

Minimal processing included arrangement to the series, subseries, and folder levels. Generally, items within folders were simply verified with folder titles, but not arranged further. Folders within boxes were not numbered. The collection was rehoused in archival containers and folders, but not all staples and clips were removed.

Biographical / Historical

Charles L. Schucker (1908-1998), an abstract painter known for poured oil paintings on unprimed canvases, began his career in Chicago with the WPA before moving to New York City in 1946. He was also an educator and taught at the Pratt Institute in Brooklyn, New York for nearly 30 years.

Scope and Contents

The papers of New York abstract painter and educator Charles Schucker measure 1.2 linear and date from 1934 to 2001. Schucker's career as a painter is documented by biographical material, letters, writings, subject files, printed material, artwork, and photographs.

Biographical material includes a video recording of a memorial tribute. Letters mostly relate to business arrangements with galleries and institutions. Among Schucker's writings are 9 notebooks, some of which include notes from his study abroad. Writings about Schucker include an unpublished manuscript by Valerie Velasquez Louzonis in which she discusses his childhood, travels, and his start as an artist. Subject files touch upon his association with Pratt Institute, Katonah Museum of Art, Yaddo, various galleries, his work with the Chicago WPA, and his friendship with Morris Louis. Over 60 years of artistic work are documented in exhibition catalogs and announcements. Artwork and sketchbooks from the 1930s and 1940s offer a glimpse of his earlier style of drawing.
