---

## Scope and Contents

Collection consists of Finkler's correspondence, masters thesis, dissertation materials, published and unpublished articles, field notes and audio recordings from her research on spiritualist healing and biomedical practice and patient's perception of treatment in Mexico, her teaching materials, and grant applications.

Please note that the contents of the collection and the language and terminology used reflect the context and culture of the time of its creation. As an historical document, its contents may be at odds with contemporary views and terminology and considered offensive today. The information within this collection does not reflect the views of the Smithsonian Institution or National Anthropological Archives, but is available in its original form to facilitate research.
