### Restrictions

The collection is open for research.

Access to the collection requires an appointment.

### Conditions Governing Use

Contact the repository for terms of use.

---

## Biographical Note

Charles Frederick Newcombe (185 –1924) was a British physician, botanist, and ethnographer known for his studies of the First Nations people of Canada.

---

## Scope and Contents

The collection consists of a manuscript map of Haida Gwaii made by Charles F. Newcombe in 1901.

Please note that the contents of the collection and the language and terminology used reflect the context and culture of the time of its creation. As an historical document, its contents may be at odds with contemporary

views and terminology and considered offensive today. The information within this collection does not reflect the views of the Smithsonian Institution or National Anthropological Archives, but is available in its original form to facilitate research.
