## Bibliography

Published as "Ojibwa Texts," by William Jones, Truman Michelson, editor, Publications of the American Ethnological Society, Volume VII, Parts I and II, (1917 and 1919). Many of the English translations have the cataloger's references to the published pages.

## Local Numbers

NAA MS 4752 (1)-(32)

---

## Local Note

Cataloger's remark: The detailed descriptive list of the Ojibway material is the result of comparing the texts in the notebooks and English translations with the published account. Many of the tables of contents for the individual

notebooks are either incorrect or incomplete statements. The list is more detailed. Informants names have also been supplied from the published texts (which is arranged according to informants).
