Manuscript 4814, National Anthropological Archives, Smithsonian Institution

Scope and Contents

Partly arranged ca. 1962 alphabetically by native name; unsatisfactory; large folder at end includes letters concerning several names from different languages.

Local Numbers

NAA MS 4814

Local Note

Consider sorting by area only (to include e.g., notes by Mooney on both Creek and Cherokee) or possibly by name of staff member supplying the information (notes by Mooney on Creek, Cherokee and Kiowa in the same letter), since file is probably of at least as much historical interest as it is a source of specific information-- MCB.
