## Biographical Note

Robert A. Johnson was an ornithologist who studied birds along the Labrador coast from 1930-1934. He also served as "Science Chief" at the Oneonta State Teacher's College in New York, which later became the State University of New York at Oneonta.

---

## Scope and Contents

Photographs made by Robert A. Johnson during a trip to the Labrador coast for ornithological studies in 1930-1934. They depict a Native community, summer camps, and waterfronts at St. Mary's Bay, Wolf Bay, Mutton Bay, and Seven Island Bay on the Labrador coast.
