Biographical / Historical

Astronomer William Edward Brunk (1928-) served as a research scientist with NASA's Lewis Research Center and planetary scientist with Univ. Space Research Association, among other posts. He was active in the American Astronomical Society Division for Planetary Sciences (DPS) and much involved in projects advancing radio and infrared astronomy. In 1985 he received the Exceptional Service Medal from NASA.

Scope and Contents

This collection consists of publications and correspondence relating to William Brunk's work with DPS, infrared telescope projects, planetary radio astronomy and Mariner Mars projects.
