Biographical / Historical

During May and June of 1983, the Space Shuttle Enterprise was ferried to the Paris Air Show, as well as to Germany, Italy, England and Canada, before returning to the Dryden Flight Research Facility. Evidently during this trip, the Enterprise also stopped by the Washington Dulles International Airport.

Scope and Contents

This collection consists of six images taken, by the donor, of the Space Shuttle Enterprise upon its visit to Washington Dulles Airport in June of 1983. The images include five prints with corresponding negatives and one print with a corresponding digital image scanned by NASM. Also included in the donation is a program (with copies) of the National Space Club Picnic, held at Washington Dulles International Airport on the day the Enterprise visited.
