## Biographical / Historical

Published in 2006 by Smithsonian Books and HarperCollins Publishers Inc., *Best of the National Air and Space Museum* is a history of air and space flight told through the collections of the National Air and Space Museum. The book's editor, NASM curator Robert van der Linden, included many photographs of Museum artifacts and of photographs from the Archives Division's files.

---

## Scope and Contents

This collection consists of photographs and transparencies used in or considered for the publication. Also included are digital image files on compact discs, and paperwork related to publication permission requests.
