No restrictions on access.

Conditions Governing Use

Material is subject to Smithsonian Terms of Use. Should you wish to use NASM material in any medium, please submit an Application for Permission to Reproduce NASM Material, available at [Permissions Requests](#).

Scope and Contents

This mass-produced certificate appears to have been presented to National Aeronautics and Space Administration (NASA) employees in appreciation for their support of the Apollo Program. The item measures 16 by 20 inches and has color illustrations, including one of the Apollo Lunar Module (LM) on the Moon with two astronauts in the foreground. Besides the illustrations, the certificate has printed signatures of the three Apollo 11 astronauts as well as Ozro M. Covington, Assistant Director for Manned Flight Support; Dale W. Call, Network Director; and James M. Stevens, Network Operations Manager. There is one authentic signature, which is for George W. Farris, Station Director for NASA at Goldstone

California Space Flight Tracking and Data Network Station in Barstow, California. This particular certificate was presented to Joe Leachman.
