Collection Overview

Repository:	National Air and Space Museum Archives
Title:	Apollo Lunar Module (LEM, LM) Photographs [Cosentino]
Date:	(bulk 1960s-1980s)
Identifier:	NASM.2014.0010
Creator:	Grumman Aerospace Corporation
Extent:	0.36 Cubic feet ((1 box))
Language:	English .

Administrative Information

Acquisition Information

Michael A. McMillen, Gift, 2013

Preferred Citation

Apollo Lunar Module (LEM, LM) Photographs [Cosentino], Accession 2014-0010, National Air and Space Museum, Smithsonian Institution.

Restrictions

No restrictions on access.

Conditions Governing Use

Material is subject to Smithsonian Terms of Use. Should you wish to use NASM material in any medium, please submit an Application for Permission to Reproduce NASM Material, available at [Permissions Requests](#)

Biographical / Historical

The Apollo Lunar Module (LEM, LM) was the lander built by Grumman Corporation for the National Aeronautics and Space Administration (NASA) to carry a crew of two from lunar orbit to the moon's surface and back to the Command Service Module. Six such craft successfully landed on the Moon between 1969-1972.

Scope and Contents

This collection consists of approximately 0.36 cubic feet of material relating to the Apollo Lunar Module (LEM, LM) and other programs of the National Aeronautics and Space Administration (NASA). The majority of the collection is comprised of 8 by 10 inch photographs (both color and black and white) of interior details of various Apollo Lunar Module crafts including LM-5; LM-6; LM-7; LM-8; LM-10; and LM-11. The collection also contains eight 3.5 by 5 inch color photographs showing various NASA launches; NASA color post cards showing astronauts and spacecraft; an invitation to the Apollo 17 Contractors Party; an Apollo 17 Rollout

Ceremony parking pass; NASA Christmas cards; various NASA publications; an Apollo 16 bumper sticker; and an RCA publication about Apollo 14.

Names and Subject Terms

This collection is indexed in the online catalog of the Smithsonian Institution under the following terms:

Subjects:

- Apollo Lunar Module
- Astronautics
- Manned space flight

Types of Materials:

- Color photographs
- Photographic prints
- Postcards
