Biographical / Historical

The American Rocket Society (ARS), founded in 1930, is a national association of rocket and jet propulsion engineers devoted to the encouragement of research and engineering development of jet propulsion, rockets, and all types of jet-propelled devices. The Reaction Research Society (RRS), formed in 1943, is a nonprofit civilian organization whose purpose is to aid in the development of reaction propulsion and its applications.

Scope and Contents

This collection consists of pamphlets, bulletins, reports, and meeting notices from the ARS, RRS, and other rocket societies, compiled by Henry G. Elder.
