## Administrative Information

### Acquisition Information

Hotels is a portion of the Business Ephemera Series of the Warshaw Collection of Business Americana, Accession AC0060 purchased from Isadore Warshaw in 1967. Warshaw continued to accumulate similar material until his death, which was donated in 1971 by his widow, Augusta. For a period after acquisition, related materials from other sources (of mixed provenance) were added to the collection so there may be content produced or published after Warshaw's death in 1969. This practice has since ceased.

## Processing Information

In 2016, with funding provided by the Smithsonian Institution's Collections Care and Preservation Fund, the Archives Center at the National Museum of American History implemented the use of minimal level processing standards to increase information about and facilitate access to more of our collections. A large portion of stored material from the original acquisition received minimal level processing, which resulted in additions to this Subject category. This effort included basic arrangement and replacement of non-archival housing for long-term stability, but staples and other fasteners have not all been removed. Revisions to the encoded finding aid were made to reflect the added content in context to the previously processed material.

Minimal level processing and enhancement of the machine-readable finding aid completed by Nicole Blechynden, September 2017.

From the acknowledgment page: "This is Volume II of IMPROVISATIONS. IMPROVISATIONS was first conceived in 1950 from an idea by Julio de Diego as a medium for advertisers in sympathy with the ideals of Artists Equity Association. As in IMPROVISATIONS 1950, the member-artists who illustrated this journal were selected by the advertisers and were given complete freedom of expression. Each page was designed by the artist directly on the litho plate, thus making this a collection of original lithographs."

An artist's book with a spiral plastic binding, composed of original lithographs, most of them serving as advertisements. Participating artists include Milton Avery, T. Lux Feininger, Chaim Gross, Hans Hofmann, Reginald Marsh, Ben Shahn, Raphael Soyer, and Max Weber. Of special interest are a Maidenform brassiere ad by Harry Sternberg; a nude female figure with a 19th century camera for Pagano photographs and illustrations, and the Danby Furniture Co. by Helen Ratkai; etc.
