## Administrative Information

### Acquisition Information

Immediate source of acquisition unknown.

### Provenance

Collection transferred to the Archives Center from the Division of Electricity (now Division of Work and Industry), 11/20/83.

### Other Finding Aids

Inventory available; contact the Archives Center for more information.

### Processing Information

Collection processed by Robert Harding, 1986.

### Preferred Citation

Julius G. Berger Collection, 1909-1918, Archives Center, National Museum of American History

### Restrictions

Collection is open for research.

### Conditions Governing Use

Collection items available for reproduction, but the Archives Center makes no guarantees concerning copyright restrictions. Other intellectual property rights may apply. Archives Center cost-recovery and use fees may apply when requesting reproductions.
Biographical Note

Berger served as a General Electric Company electrical engineer, a William Gordon Corporation contractor, and eventually began his own electrical design firm. He was educated in 1910 at the Stevens Institute, and enrolled in the General Electric continuing education program at Lynn, Mass.

Scope and Contents

This collection traces the training and employment of an early electrical engineer. It includes 4 manuals filled with Berger's lab training at Stevens and G.E., a lecture notebook, two business correspondence scrapbooks, an industrial power data reference book, and a group of G.E. technical newsletters.

Names and Subject Terms

This collection is indexed in the online catalog of the Smithsonian Institution under the following terms:

Subjects:
   Electrical engineers
   Electrical science and technology

Types of Materials:
   Manuscripts -- 1900-1950
   Newsletters -- 20th century
   Notebooks -- 1900-1950
   Scrapbooks -- 1900-1950

Names:
   General Electric Company
   National Museum of American History (U.S.). Division of Electricity and Modern Physics
   Stevens Institute of Technology
