Image(s): The Underwood Travel System, Catalog No. 28 [p. 4 illustration: Man holding stereoscope, pointing to Egypt on a large globe : line drawing, ca. 1907.]

Underwood & Underwood, Publisher

English.

An illustration from "The Underwood Travel System," Underwood & Underwood stereograph catalog No. 28, ca. 1907. The image graphically demonstrates this publisher's ambition to provide stereographs of the entire world for the delight and education of "armchair travelers." Caption under illustration: "To be within arm's reach of distant countries it is only necessary to be within arm's reach of the Underwood Stereograph Travel System."

Due to the fragile nature of the catalog containing this drawing, only photocopies may be consulted by researchers.
