Biographical

Nathan Wilson Morgan (b. 1891) was born in Downingtown, Pennsylvania and earned a B.S. in civil engineering from the University of Colorado in 1916. In 1922 he married Mabel M. Fand. He worked for the American Bridge Company from 1916-1925 and for the United States Bureau of Public Roads, Bridge Division from 1925-1961.

Scope and Contents

These papers contain materials relating to the design and construction of highway bridges in the United States. The materials consist of publications, reports, testing data, correspondence, photographs taken by Morgan depicting suspension, concrete arch, moveable, steel arch, timber, concrete, steel simple span, cantilever, and stone bridges.

Arrangement

The collection is divided into four series.

Series 1: Bridges, 1888-1972

Series 2: Trade Literature, 1920-1959

Series 3: Photographs, 1921-1959

Series 4: Scrapbooks, 1916-1946
