Acquisition Information

This collection was donated by John-Manuel Andriote in 2008.
Biographical / Historical

John-Manuel Andriote writes in the preface to his book, *Victory Deferred: how AIDS changed gay life in America*, "I wrote *Victory Deferred* because, despite the abundance of books written about AIDS, no one until now has examined both the 'big picture' and its finer detail in considering the many ways AIDS affected the nation's hardest hit community, gay men." [1] To do this Andriote interviewed hundreds of persons involved in various aspects of the HIV/AIDS experience. The University of Chicago Press catalog for 1999 describes the book this way: "John-Manuel Andriote chronicles the impact of the disease from
the coming-out revelry of the 1970s to the post-AIDS gay community of the 1990s, showing how it has changed both individual lives and national organizations.” [2]

Scope and Contents

The collection consists of interviews and research material collected by Andriote in researching his book, Victory Deferred: how AIDS changed gay life in America, published in 1999. Included are recorded and transcribed interviews Andriote conducted with activists, researchers, authors, and others involved in the fight against HIV and AIDS. The creator's original order and topic designations were maintained; span dates reflect the dates of the materials contained within the folder. All cassettes are ninety minutes in length unless otherwise noted.
