## Administrative Information

### Acquisition Information

This collection was received by the National Anthropological Archives from Helen Peterson in June 1987. It was then transferred from NAA to the National Museum of the American Indian Archive Center in 2007.

### Conservation

Approximately two linear feet of documents in this collection were damaged by moisture prior to their acquisition by the National Anthropological Archives. After consultation with the conservation staff, these materials were thoroughly dried in a heating cabinet and the mold and mildew carefully brushed and vacuumed away. Most severely affected were the CCR "Denver Indian Study Project" and "Jobs for Indians" files and correspondence for 1960-61 in the NCAI "Chronological Correspondence" file. The most seriously damaged materials were photocopied and the originals destroyed.

### Processing Information

Originally processed by Jania R. Garcia of the National Anthropological Archives in 1989. Subsequent processing at NMAI done by Carla Davis-Castro, Intern, in 2015; Sarah Rick, Intern, in 2017; Rachel Menyuk, Processing Archivist, in 2019.

Some of the material in this collection is still being processed.
