Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 00-047, National Museum of Natural History.
Biodiversity Program, Program Records

Descriptive Entry

This accession consists of records that document the administrative activities of the Smithsonian Institution's Biodiversity Program (BDP) as maintained by Marsha E. Sitnik, Scientific Program Administrator. Some of the projects and programs represented in the files include the BIOLAT (Biological Diversity in Tropical Latin America) program; the BDFP (Biological Dynamics of Forest Fragments) project; the Neotropical Lowland Research Program; and the ICB (Institute for Conservation Biology). The files also document collaborative projects with the Smithsonian Tropical Research Institute (STRI). Materials include conference and workshop programs; grant and research proposals; mission statements; memoranda regarding research, exhibitions, and outreach functions; lists of specimens; reports on environmental programs; personnel records; meeting minutes; budget reports; brochures and pamphlets; photographs; maps; curricula vitae; and other administrative material. Records predating 1990 were compiled and maintained by the Program for administrative and reference use. Some materials are in electronic format.
