Collection Overview

Repository:	Smithsonian Institution Archives, Washington, D.C., osiaref@si.edu
Title:	Curatorial Correspondence and Memoranda
Identifier:	Accession 11-060
Date:	1949-2005
Extent:	6 cu. ft. (6 record storage boxes)
Creator::	National Museum of Natural History. Department of Paleobiology
Language:	Language of Materials: English

Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 11-060, National Museum of Natural History.
Department of Paleobiology, Curatorial Correspondence and Memoranda

Descriptive Entry

This accession consists of the records of William A. Oliver in his positions at the United States Geological Survey (1957-1993) and the National Museum of Natural History, Department of Paleobiology (1967-2005), as well as some materials dating back to his studies at Cornell University. His research interests included the study of Silurian and Devonian rugose corals. These records contain correspondence, manuscripts, reference materials (dating back to 1897), field notes and data, article and book reviews, lecture notes, and his work with professional societies. Materials include manuscripts, photographs, negatives, slides, lantern slides, illustrations, and maps.

Names and Subject Terms

This collection is indexed in the online catalog of the Smithsonian Institution under the following terms:

Subjects:

Corals
Geology, Stratigraphic \$y Devonian
Geology, Stratigraphic \$y Silurian
Paleobiology
Paleontologists
Paleontology

Types of Materials:

Black-and-white negatives
Black-and-white photographs
Black-and-white transparencies
Color photographs
Color transparencies
Field notes
Illustrations
Lantern slides
Manuscripts
Maps
