## Administrative Information

### Preferred Citation

Smithsonian Institution Archives, Accession 12-068, Smithsonian Tropical Research Institute, Clippings

---

## Descriptive Entry

This accession consists of newspaper and magazine clippings related to the Smithsonian Tropical Research Institute and its mission, research, and activities. In addition to clippings, materials include reprints as well as published reports and publications by the Smithsonian Tropical Research Institute and its Center for Tropical Forest Science.

## Names and Subject Terms

This collection is indexed in the online catalog of the Smithsonian Institution under the following terms:

### Subjects:

- Biological stations
- Conservation biology
- Ecology
- Environmental sciences
- Forest ecology
- Publications
- Research
- Research institutes

### Types of Materials:

- Clippings

Manuscripts

Names:

Smithsonian Tropical Research Institute. Center for Tropical Forest Science
