## Administrative Information

### Preferred Citation

Smithsonian Institution Archives, Accession 12-384, National Museum of American History.  
Division of Medicine and Science, Curatorial Records

---

## Descriptive Entry

This accession consists of the records of Paul Forman, Curator of modern physics, which document his curatorial and professional activities in the Division of Medicine and Science, and during the years when modern physics was part of the Division of Electricity and Nuclear Energy, the Division of Electricity and Modern Physics, and the Division of Information Technology and Society. Also includes some records which date prior to Forman's tenure at the Smithsonian Institution. Materials include correspondence, memoranda, and notes; Forman's lecture papers, articles, and book reviews; proposals; collections management information; photographs; professional society information in regard to grants, committees, and symposiums; newspaper clippings; fellowship and workshop information; floor plans; audio cassettes; and meeting agendas.
