Extent:	11 cu. ft. (11 record storage boxes)
Creator::	Science Service
Language:	English

Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 13-034, Science Service, Records

Descriptive Entry

This accession consists of Science Service subject files pertaining to medical science, chemistry, chemical technology, and physics. Materials include correspondence and memoranda; news releases; clippings, photographs and negatives; articles, reports, research papers, and related topical information.

Names and Subject Terms

This collection is indexed in the online catalog of the Smithsonian Institution under the following terms:

Subjects:

- Chemistry
- Chemistry, Technical
- Journalism, Scientific
- Medical sciences
- Physics
- Science -- History

Types of Materials:

- Black-and-white negatives
- Black-and-white photographs
- Clippings
- Manuscripts
