## Descriptive Entry

This accession consists of two online exhibitions created by the Archives of American Art as they existed on March 6, 2013.

"1913 Armory Show: The Story in Primary Sources" was created to celebrate the centennial of the International Exhibition of Modern Art (also known as the Armory Show). The exhibition features a timeline of events and images of associated documents from the Archives of American Art collections. Contextual information and a bibliography are also included in the exhibition. Due to technical limitations, many of the timeline images are not included in this accession.

"Henry Mosler's Civil War Diary" presents and interprets a diary written by Mosler, an illustrator and military aide-de-camp during October 1862. The exhibition includes contextual information, a timeline, and a blog (entries not dated). Due to technical limitations, neither the digitized diary nor most of the map are included in this accession.

Materials are in electronic format.
