Preferred Citation

Smithsonian Institution Archives, Accession 14-265, Website Records

Descriptive Entry

This accession consists of the website of the Walter Reed Biosystematics Unit (WRBU) as it existed on July 7, 2014. The WRBU performs collections management activities for the National Museum of Natural History (NMNH), Department of Entomology mosquito collection, comprising over 1.5 million specimens. The WRBU also provides assistance to staff and researchers in locating and examining specimens. In addition, the WRBU maintains a molecular entomology laboratory within the Smithsonian Institution, Museum Support Center. The website includes information about the unit, its research, and the services it provides. Materials are in electronic format.
