---

## Administrative Information

### Preferred Citation

Smithsonian Institution Archives, Accession 14-281, National Museum of Natural History.  
Department of Botany, Flora North America Project Records

---

## Descriptive Entry

This accession consists of records documenting the Flora North America Project, a project to create a computerized data bank of information about vascular plants of North American north of Mexico. These records were maintained by Stanwyn G. Shetler, Program Secretary, 1967-1971, and Program Director, 1972. Materials include a revised checklist of species.

---
