Collection Overview

Repository:	Smithsonian Institution Archives, Washington, D.C., osiaref@si.edu
Title:	Website Records
Identifier:	Accession 15-129
Date:	2015
Extent:	
Creator::	Smithsonian Institution. Institute for Biodiversity Genomics
Language:	Language of Materials: English

Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 15-129, Smithsonian Institution. Institute for Biodiversity Genomics, Website Records

Descriptive Entry

This accession consists of the Institute for Biodiversity Genomics website as it existed on January 5, 2015. The Institute focuses its research on characterizing and interpreting genomes in order to gain a greater understanding of the natural world and the complex interconnectedness of its species and ecosystems. It unites the work of several Smithsonian Institution units, including the National Museum of Natural History, the Smithsonian Tropical Research Institute, the National Zoological Park, the Smithsonian Conservation Biology Institute, and the Smithsonian Environmental Research Center. The website includes information about the Institute and its research and assets. Materials are in electronic format.
