## Descriptive Entry

This accession consists of the National Air and Space Museum website, mobile website, and blog as they existed on January 16, 2015. The website includes information about the museum, including the Steven F. Udvar-Hazy Center, and its exhibitions, collections, staff, and research. It also includes a history of the museum, educational resources, online exhibitions, annual reports, and press releases. This accession does not include detailed collection information. The mobile website includes much of the same content, but its design is optimized for viewing on a mobile device. Only the homepage is included in this accession. The "AirSpaceBlog: Behind the Scenes at the National Air and Space Museum" blog highlights exhibitions, collection objects, educational programs, and the history of aviation as well as provides a place for staff to write about their behind the scenes work. The blog launched in March 2009. Due to technical issues, some images and video are missing. Materials are in electronic format.
