## Descriptive Entry

This accession consists of records created and maintained by David H. DeVorkin, Curator, 1981- , documenting a variety of topics including educational and public programming related to exhibitions; collections management and loans; lecture series; and the Albert Einstein Planetarium. Particularly well-documented are educational aspects of the "Explore the Universe" exhibition; the return of loaned objects after the closure of the Stars Gallery; the "Exploring Space" lecture series; and the Curator's Choice Program. Materials include correspondence, memoranda, reports, procedures, planning documents, collection rationales, teacher guides, brochures, flyers, loan files, object information, images, surveys, specifications, proposals, budgets, meeting materials, clippings, and related materials. Some materials are in electronic format.
