## Administrative Information

### Preferred Citation

Smithsonian Institution Archives, Accession 15-192, Smithsonian Institution, Website Records

---

## Descriptive Entry

This accession consists of twelve YouTube accounts from across the Smithsonian Institution as they existed in January and February 2014. YouTube is a video-sharing service that many museums, research centers, and programmatic offices use for disseminating informational, educational, and promotional videos. Due to technical issues, this accession does not include every video that was available on each of the accounts at the time that they were captured. Materials are in electronic format.
