Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 15-339, Website Records

Descriptive Entry

This accession consists of the Panama Amphibian Rescue and Conservation Project website as it existed on July 23, 2015. The Project's mission is to rescue and establish assurance colonies of amphibian species that are in extreme danger of extinction throughout Panama. The National Zoological Park and the Smithsonian Tropical Research Institute are both project partners and play a role in the administration of the Project. The website includes information about the Project and its activities and research. It also includes educational activities and links to news articles about the Project. Materials are in electronic format.
