Language:	English

Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 16-078, National Museum of Natural History, Website Records

Descriptive Entry

This accession consists of a website and blog maintained by the Department of Vertebrate Zoology as they existed on August 11, 2015.

The departmental website includes information about its divisions, staff, collections, research, and visitor information.

The blog "The Backbone: News from the Department of Vertebrate Zoology" replaced a newsletter of the same name. It provides updates about staff, collections, research, awards, and outreach activities. It was active between September 2013 and December 2014.

Materials are in electronic format.
