Date:	2015
Extent:	
Creator::	Smithsonian Institution. Office of Facilities Engineering and Operations
Language:	Language of Materials: English

Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 16-201, Smithsonian Institution. Office of Facilities Engineering and Operations, Website Records

Descriptive Entry

This accession consists of the public Office of Facilities Engineering and Operations website as it existed on November 17, 2015, shortly before the office was renamed Smithsonian Facilities and the website was redesigned. Within the larger website are subsites for the Office of Safety, Health, and Environmental Management and the Office of Planning, Design, and Construction. The website includes strategic planning documents, mission statements, manuals, organizational charts, selected project descriptions, and information for contractors. Materials are in electronic format.
