## Administrative Information

### Preferred Citation

Smithsonian Institution Archives, Accession 16-224, S. Stillman Berry Papers

---

## Descriptive Entry

This accession consists of the papers of S. Stillman Berry (1887-1984), a malacologist and businessman. The majority of these materials consist of the notes and illustrations for many of his published and unpublished manuscripts. Materials also include reprints, correspondence, scientific illustrations, maps, clippings, photographs, negatives, and audiocassettes. Materials dated after Berry's death document memorials, his estate, and the distribution of his collections.
