Descriptive Entry

This accession consists of drawings documenting the planning and design of exhibitions and other projects by the Office of Exhibits Central (OEC). OEC designs exhibitions for the Smithsonian Institution Traveling Exhibition Service as well as for Smithsonian Institution museums and units without internal exhibition design offices or which need additional assistance. OEC occasionally provides services to non-Smithsonian organizations. Some exhibitions may not have come to fruition. Materials include architectural drawings, technical drawings, elevations, floor plans, sketches, specifications, photographs, graphic designs, and related materials. Dates listed in the finding aid apply to the drawings and do not necessarily correspond to the dates an exhibition was on display.
