Collection Overview

Repository:	Smithsonian Institution Archives, Washington, D.C., osiaref@si.edu
Title:	Website Records
Date:	2016
Identifier:	Accession 17-330
Creator::	Smithsonian Astrophysical Observatory
Extent:	
Language:	English

Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 17-330, Smithsonian Astrophysical Observatory, Website Records

Descriptive Entry

This accession consists of two websites maintained by the Smithsonian Astrophysical Observatory (SAO) as they existed on October 28, 2016. SAO, with the Harvard College Observatory, jointly administers the Harvard-Smithsonian Center for Astrophysics (CfA).

The International CHASC Astro-Statistics Collaboration website is a listing of resources of specific interest to astronomers regarding statistics.

The 400d Cluster Survey website provides information about an X-ray survey for galaxy clusters using archival ROSAT observations as well as calibrations and projects using the survey. The website also includes catalog data which may be incomplete in this accession. It appears that the website was last updated in approximately 2012.

Materials are in electronic format.

Names and Subject Terms

This collection is indexed in the online catalog of the Smithsonian Institution under the following terms:

Subjects:

- Astronomical observatories
- Astrophysics
- Galaxies -- Clusters
- Museums -- Public relations
- Research
- Statistical astronomy
- Web sites

X-ray astronomy

Types of Materials:

Electronic records

Names:

400d Cluster Survey (Project)
Harvard College Observatory
Harvard-Smithsonian Center for Astrophysics
International CHASC Astro-Statistics Collaboration (Project)
ROSAT (Artificial satellite)
