Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 17-338, National Museum of Natural History, Website Records

Descriptive Entry

This accession consists of the blog, "Magnetic North: Arctic Studies at the Smithsonian," as it existed on February 24, 2017. The blog is maintained by the Arctic Studies Center. Its purpose is to inform the public about research in the Arctic and Subarctic, with a focus on issues affecting circumpolar communities, both past and present, and the ecosystems they inhabit, and includes archaeological, anthropological, ecological, and climatological research. The blog launched in March 2011. Materials are in electronic format.
