Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 17-345, National Museum of Natural History, Website Records

Descriptive Entry

This accession consists of the Smithsonian Institution, Global Volcanism Program website as it existed on June 21, 2017. The Global Volcanism Program, administered within the National Museum of Natural History, seeks to document, understand, and disseminate information about global volcanic activity. The website includes volcano activity reports, information about individual volcanoes, and a gallery of volcano types. This accession does not include most data found on the website. Materials are in electronic format.
