Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 17-359, National Museum of Natural History, Website Records

Descriptive Entry

This accession consists of web server files for the Antarctic Invertebrates section of the Department of Invertebrate Zoology website. This section documents the specimens of the United States Antarctic Program, managed jointly by the National Museum of Natural History (NMNH) and the National Science Foundation, Office of Polar Programs. The files were transferred shortly after the section was removed from the website. Materials are in electronic format.
