Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 17-366, Website Records

Descriptive Entry

This accession consists of the Encyclopedia of Life Facebook account as it existed on October 13, 2015. Encyclopedia of Life is a global partnership between the scientific community and the general public to make freely available to anyone knowledge about all the world's organisms. Facebook is a third-party social networking site used for interaction with the general public. Due to technical issues, the capture of the account may be incomplete and may not function properly. Materials are in electronic format.
