Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 19-003, Global Registry of Biodiversity Repositories, Website Records

Descriptive Entry

This accession consists of the Global Registry of Biodiversity Repositories (GRBio) website. GRBio is the first-ever consolidated, comprehensive clearinghouse of information about biological collections in natural history museums, herbaria, and other biorepositories. GRBio is a merger of three prior registries maintained by the New York Botanical Garden, the Royal Botanic Garden, Edinburgh, and the Smithsonian Institution and is an ongoing collaboration among them. The website includes information about GRBio and its member institutions and collections. The website was captured using two separate methods on May 19, 2017. Data may be incomplete in this accession. Materials are in electronic format.
