Collection Overview

Repository:	Smithsonian Institution Archives, Washington, D.C., osiaref@si.edu
Title:	Website Records
Identifier:	Accession 19-162
Date:	2017
Extent:	
Creator::	National Museum of Natural History
Language:	English

Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 19-162, National Museum of Natural History, Website Records

Descriptive Entry

This accession consists of three sections of the National Museum of Natural History (NMNH), Department of Invertebrate Zoology website as they existed on December 6, 2017.

The Oceanographic Data Sets for NMNH Invertebrate Collections section includes station data and original cruise logs from the Albatross and Blake research vessels. A database version of the searchable data is also included in this accession.

The World of Copepods section includes information about copepod taxonomy and research. It also includes several databases related to copepods and branchiura. A spreadsheet containing data from the website is also included in this accession.

The Cerion section includes taxonomic, biogeographic, and bibliographic data for the family Cerionidae. A database version of the searchable data is also included in this accession.

Materials are in electronic format.
