The April crawl reflects the early stages of a 10-year renovation and revitalization of the museum and how it affects the visitor experience. The July crawl reflects special events surrounding the 50th anniversary of the Apollo 11 moon landing. In general, the website consists of information about the museum, including its Steven F. Udvar-Hazy Center, and its exhibitions, collections, staff, research, programs, and events. It also includes online exhibitions and educational resources.
