Descriptive Entry

This accession consists of the project website for the National Museum of African American History and Culture environmental impact statement and section 106 as it existed on October 19, 2018, shortly before the website was taken offline. The website, a collaboration between the Office of Facilities Engineering and Operations (now Smithsonian Facilities) and the United States National Capital Planning Commission, provides project information, meeting minutes, reports, news, background materials, and the final environmental impact statement. The website launched in late 2010 and does not appear to have been updated since 2014. Materials are in electronic format.
