Administrative Information

Preferred Citation

Smithsonian Institution Archives, Accession 20-198, Website Records

Descriptive Entry

This accession consists of the Facebook account of the Encyclopedia of Life. The Encyclopedia of Life is a global partnership between the scientific community and the general public to make freely available to anyone knowledge about all the world's organisms. Facebook is a third-party social networking site used for interaction with the general public. The Facebook account was captured on October 10, 2018, and then crawled on February 14, 2019. Due to technical issues, the content in this accession may be incomplete and some features may not function as expected. Some content is significantly older than the date it was captured. Materials are in electronic format.
