## Descriptive Entry

This accession consists of the website of the Office of Research Information Services, part of the Office of the Chief Information Officer, as it existed on February 29, 2020, and again on March 25, 2020. The website details services provided by the office to support researchers' data management and computing infrastructure needs. The website was taken offline shortly after these crawls. Much of the content had been incorporated into the "Smithsonian Research Computing" website that launched the previous year. Materials are in electronic format.
