## Descriptive Entry

This accession consists of an online community for program evaluation as it existed on November 8, 2019, and again on July 21, 2020. The community was created by the Smithsonian Center for Education and Museum Studies (SCEMS) and included resources and events in addition to providing a space for public discussion. Individual users were required to create profiles. Only information that was publicly available on the website is included in this accession - data stored behind the firewall was not captured.

SCEMS changed its name to the Smithsonian Center for Learning and Digital Access in 2013 but the website was never updated. The last addition to the website appears to have been made in January 2015.

Materials are in electronic format.
